## International Corporation

# MODEL 30D

Our new Magner 30D continues our great tradition of quality and performance, while adding new modern features. These enhanced Model 30D features include a new stainless steel chassis (instead of the plastic mold of the previous versions), higher counting speeds up to 1,800 notes per minute and optional UV/MG/IR detection. With 35 years of production experience we can offer our most modern, durable, and cost effective solution ever!
